What is the "Emergency Notification" feature?

The emergency notification is a new feature included in the KAUST**Central** ecosystem aimed to send critical alerts informing all KAUST community members of emergency incidents or situations defined by the responsible team (e.g., HSE).

To ensure you can receive emergency notifications from KAUST**Central** on your device, please follow the steps below to enable the feature

Enabling KAUST Emergency Notifications / Critical Alerts on:

iOS	Android*
Settings > Notifications > KAUST**Central** > toggle 'Critical Alerts' on	Settings > Apps > Wireless emergency alerts > Notifications > Notification categories > toggle 'Show notifications' on * *screen design might vary from vendor to vendor*
